Station Madras., *Dated the* 15th September 192

From (Name) Dr. F. H. Gravely, D.Sc.,
(Designation) Director of Fisheries(In Charge)

To The Secretary to the Government of Madras,
Development Department

Through
The Accountant General, Madras,

Sir,

The Assistant Director (Coast) has received a petition from the fishermen of Kaup village, in the Udipi Taluq of the South Kanara district, requesting the Fisheries Department to take over their school. The school was first started about September 1927. There are 36 children on the rolls now as against 25 on 12-10-27. Of these 29 are fisher children. The fisherfolk of the locality are anxious that the Department should take over the school and they promise that, if the school is taken

over, there would be a regular attendance of 50 to 60 children. In the circumstances, I request that this proposal may be included as a Part II scheme and necessary provision included in the budget estimates for 1929-30.

2.The cost involved will be as follows:---

2 teachers on Rs. 25 for 11 months.	Rs. 550.
Headmaster's allowance.	22.
Furniture.	200
Books etc.,	100
Other contingencies, rent etc.,	28
	Rs. 900

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Fisheries.

(Designation) Director of Fisheries (In Charge),

To The Secretary to the Government of Madras,

DEVELOPMENT Department.

Sir,

p.3 infra

I enclose in original a petition received from the fisher-folk of Bangramanjeshwar. This private school managed by the fishermen of the village is at present accommodated in the first floor of a shop very close to the Manjeshwar ferry. There are now 56 children on the rolls, of whom 21 are girls. The children attending this school belong mostly to the Mopla fishermen community. At Bangramanjeshwar, there are reported to be (1) a Missi Lower Elementary school about 1/2 a mile from the ferry, (ii) a Board Girls' school attended chiefly by caste Hind and (iii) an aided private school at a place called - -

Vamanjur about ~~1/2~~ 1½ miles away from the Manjeshwar ferry. In spite of the existence of the above three schools, this private school, which is situated in the midst of the fishing hamlet consisting of about 100 Mopla fishermen and 30 Mogear fishermen huts, appears to serve a real need of the fishing class. None of the children attending this school are said to have attended any other school before. Although the fishermen seem to be enthusiastic about the progress of the school, as they are very poor and illiterate they cannot be expected to continue to run it for any length of time. As they have realised the need for elementary education for their children, the Assistant Director of Fisheries (Coast) considers that their request should be complied with. In the circumstances, I recommend that the management arrangement of the school may be taken over by this Department. The proposal may be treated as a part II scheme and necessary provision included in the budget estimates for 1929-30.

2. The District Educational Officer, South Kanara, has no objection to the above proposal.

3. The amount that will have to be provided for 1929-30 will be as follows:-

Two teachers on Rs.25 each for 11 months.	...	Rs.550
Head Master's allowance.	...	22
Furniture.	...	200
Books etc.	...	100
Other contingencies, rent etc.	...	28
	Rs.	900

I have the honour to be,
Sir,
Your most obedient servant,

F. H. Gravely.

To

The Assistant Director of
Fisheries,
Calicut.

Humble petition of the Muslim Fishing Folk of Bangramanjeshwar village of Kasaragod Taluk.

Manjeshwar. P.O.
6-2-1928.

Respected Sir,

Your Honour's petitioners most respectfully beg to state as follows:-

1. There are about 100 houses of Muslim fishing class and about 50 Hindu fishing class in Bangramanjeshwar village. We have started a private school for the use of our children. The school was started in November 1927. The school is held on the upstairs of one Muhammad Meari near the river side in Bangramanjeshwar. The school has at present a strength of 65 of which about 30 are the children of Muslim fishing class, 20 Hindu fishing class and 10 non-fishing class. There are two teachers conducting the school at present. As we are very poor we will not be able to manage the school ourselves any longer for want of funds.

We therefore pray that the said school may be kindly taken over under the control of the Fisheries Department at an early date.

For which act of benevolence we shall ever remain grateful.

Your Honour's most obedient servants.

Sir,

pp 4-5 ante

Ref: My letter Ref. 2433-C/28-1 dated 29-11-28.

At the time the proposals contained in my letter quoted above were submitted, it was expected that a suitable building would be available for a rent of Rs.3 per mensem to house the Bangramanjeshwar school and therefore a provision of Rs.28/- was made towards rent. The Assistant Director (Coast) now states that the building in which the school is conducted at present is available on a rent of Rs.5/- and that no other suitable building can be had in the localit for less rent. I request, therefore, the provision under " Other contingencies " made in my letter quoted above

+ for rent, other Contingencies etc — para 3 at p 5 ante

Director of Fisheries
(In Charge).

L.S.6.12.

Fisheries - taking over the management of pri schools.

C.Nos. 3260 & 3327 II.

To Asst. Secy.

The Director of Fisheries has submitted proposals for taking over the management of two schools maintained by the fishermen of Kaup and Bangramanjeshwar in the South Kanara district. In regard to the former the Director states that it contains 36 children on its rolls of which 29 are fisherchildren and that if the department takes over its management the number will rise to 50 or 60. The latter school is reported to contain 56 children of whom 21 are girls, that the fisherfolk are unable to manage the school for financial reasons and that there is a real need for a school for this class of people. In the interests of the fisher-children the proposals may be approved.

2. The question of making a grant-in-aid to private schools has not yet been considered. It is however doubtful whether this would be feasible as a special kind of instruction will have to be imparted in these schools which will not be appreciated by other classes. The alternative need not therefore be considered.

3. For the former school, a staff of 2 teachers is recommended by the Director. In view of the fact that the strength of the school is only 36 it will perhaps suffice to start with one teacher on Rs. 25-1-50-2-60 later on the strength increases and it is found difficult to manage with the staff one more teacher may be added. As regards the Bangramanjeshwar school the staff asked for may be sanctioned, but the pay of the teachers may be fixed at 25-1-50

4. The cost of the proposals are worked out below :-

Kaup

	Cost	
Kaup. 1 Teacher on Rs. 25-1-50(35 2/5)...	Rs. 424 4/5	Rs. 275
Rent etc.	28	28
Furniture etc.	300	300
	752 4/5	603 or in round figures.
Bangramanjeshwar.		
2 Teachers on Rs. 25-1-50 each	849 3/5	550 ~~600~~
Headmaster's allowance	24	22
Rent etc.	28	28
Furniture etc.	300	300 ~~350~~
	1201 3/5	~~950~~
	Total	Rs. 1500

The School may be taken over by Government with first instalment in the year 1929-30. The salary of the Teachers may be fixed as Rs. 25 p.m. each in 1929-30 may be [illegible] from 1.4.29.

12 RC

The next point for orders is whether these proposals may be sanctioned with the concurrence of the Finance department or whether they should be placed before the Finance Committee. In view of the opinion expressed by the Finance department in their note at page 22 of G.O.No. 954, Dev., dated 31-5-1928, it appears the proposals may be sanctioned. Finance may be requested to state whether the above view is correct.

	Total ..	600	980	1,503
		1,580		

NOTE BY THE DEVELOPMENT DEPARTMENT.

A private school is maintained in each of the villages of Kaup in the Udipi taluk and Bangramanjeshwar in the Kasaragod taluk of the South Kanara district by the local fishermen. The Kaup school has a strength of 36 students while the Bangramanjeshwar school has 56 students on the rolls. The majority of students in both schools are fisher children. The fishermen of both villages have asked the Fisheries department to take over the management of the schools as they are unable to continue them any longer for want of funds. Both schools are serving a real need and unless they are taken over by the Fisheries department the interests of the fisher children are likely to suffer as the fishermen cannot continue them for long. The Director has therefore asked that both the schools should be taken over by the Fisheries department permanently. This department agrees with the Director that there is a case for taking over the two schools but considers that they may be taken over temporarily in the first instance for a period of two years from 1st April 1929.

A. McG. C. TAMPOE—2-11-28.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be placed before the Finance Committee as a Part II scheme for 1929-30.

E. C. WOOD—5-11-28.

pp 9-10 C.F

From the Director of Fisheries,

Ref No 2433-C/28-4 dt. 6-12-28.

To Asst Secretary

Please see the D.F's letter at pp 9-10 C.F. On the basis of the estimates originally furnished by the Director, we have in the note for the Finance Committee included a sum of Rs 56 under "rents" — Rs 28 for the Kaup school and the balance of Rs 28 for the Bangramanjeshwar school. The Director now requests that the provision for rents should be raised by Rs 50 as it is now ascertained that a suitable building is available only on a rent of Rs 5 p.m. for the Bangramanjeshwar school instead of at Rs 3 p.m. as originally expected. The proposal may be accepted with the Concurrence of Finance. The note for the Finance Committee may be amended as shown in pencil. The thirty copies of this note which has been furnished to Finance will have also to be amended. The file may be sent to Finance.

pp 2-5 C.F
pbanti

pp 9-10 C.F

AM 4-12-28.

The D.F's letter is for favourable consideration. He says he originally estimated the rents at Rs 3 p.m. whereas he expects now he will have to pay Rs 5 p.m. He therefore can now ask for an increase of Rs 2 p.m. or Rs 24 p.a.

I however find that his original provision for rents and other contingencies was only Rs 28 for 11 months at the rate of Rs 3 p.m. rent provision for rent alone

should be Rs 33. For other contingencies, no provision is available.

We may agree to a rent of Rs 5 p.m. for this School; but no change need be made in the estimates already included in the note for the Finance Committee.

Finance is invited for remarks.

Fin. (ET)

[Finance last noted on pages 4-5 ante].

Please see Dev.'s notes above. This dept. may agree that no alteration need be made in the estimates already included in the note for the Finance Committee (on page 6 ante) on account of increase of rent for one of the schools from Rs 3 to Rs 5 p.m. This small extra cost (Rs 24 per annum) can easily be met from savings in the ~~Fisheries~~ budget.

The
